## Interfraternity Council (IFC)

**CANNON GEORGE**

The Interfraternity Council has hit the ground running this Fall semester. We just completed a very successful Fall rush filled with a week of getting to know the new men at Valdosta State. Each chapter continues to grow with each new pledge class. This upcoming semester many individual chapter as well as IFC as a whole have many events planned. Delta Chi, Kappa Alpha Order, Sigma Chi and Phi Sigma Kappa all have their philanthropy events approaching in the coming months. All fraternities will also participate in Homecoming week where they will meet members from different Greek communities and other campus organizations. Our goal this semester is learn about organizations and students outside of Greek Life so be on the lookout for campus wide events hosted by IFC.

## College Panhellenic Council (CPC)

**PARKER HEIL**

I hope everyone had an amazing summer vacation! CPC just finished formal recruitment. We were able to place about 150 women into a chapter. This would have been possible with the recruitment team, which included Laura Ammons, Madison Busbee, Karley Hamm and myself. Madison and Karley did an amazing job training the gamma chis. We spent the summer with girls from all of chapters on campus preparing to guide the potential new members through the recruitment process. Laura did an amazing job working the chapter recruitment chairs and ensuring everything went smoothly. I'm extremely proud of the hard work and long hours these ladies put into recruitment. It was an amazing summer allowing all of us to make new friends and work on our Panhellenic love. Bid was a bitter sweet day, we were happy to go back to our chapters but we all knew we would miss seeing each other. Bid was so much fun, the new members were so excited to receive their bids and meet their new sisters. After the new members ran to their letters, the gamma chis got to do their reveal and return to their chapters. The chapters spent the rest of day hanging out at their bid day parties around the pool. We are so excited to get this semester started, we have so much planned. Good luck this semester and go blazers!

## National Pan-Hellenic Council (NPHC)

### DASHON WALTON

Hello VSU my name is DaShon Walton and I'm am the President of the NPHC. As the President it is my duty to oversee, and execute the ideas and goals that our council have set out to reach. Starting the summer off we had our first fundraiser Arby's which was open to the local Valdosta community to raise funds for our council. Ending the summer we had a festive game night inside of Lowndes hall. The game night lasted longer than expected due to so much fun. As we look to carry momentum into the school year we decided to released our chapters Welcome To The Yard video. The videos were very popular on social media and went viral. During the second week of school the NPHC collaborated with CAB featuring one of VSU's best cookouts. Our extravagant cookout featured a live DJ, a dunk tank, water slide, slip and slide, and we closed the event with a fun water balloon fight. Following that week we had our semesterly NPHC Informational. The Informational was a great turn out. As a council we decided to challenge ourselves by creating exciting and unique ways to exhibit our different chapters. Upcoming, the NPHC will be having a mini week September 12-15. On Wednesday September 12th, we will be having a cookout to bring students out their rooms while gathering around great food. Next Thursday on September, our council will be having our most anticipated event which will be our annual yard show in the student union ballrooms. Also on Friday we will be having a joint event on campus with MAG VSU. We will be hosting a kickball tournament followed by a campus manhunt. In conclusion of NPHC week the council will be spending time with the local youth at the Boys & Girls Club to play and give away prizes to kids. As the President of the NPHC I am more than happy with all of accomplishments thus far, and the accomplishments to come. I hope everyone is having a great semester, GO BLAZERS !

## Multicultural Greek Council (MGC)

### DILLON HYATT

This year marks the second year MGC is on campus and we are eager to spread diversity and inclusiveness across campus as much as possible! We will try to make everyone feel at home through our orgs on campus to make everyone feel right at home. Last year we were able to have an MGC showcase to show off orgs from other MGC's to gather interest and we also helped other individuals make bandannas at our tie-diversity event. This year we hope to interest everyone on the same level and make more ground breaking events and maybe have an MGC yard-show to really show what MGC has to offer. Lastly, we also will be posting daily updates on the week via social media so you are always involved.

There is plenty of potential with us and look to our orgs SLB and SLG for more cultural related events coming soon!
